

Junior Software Developer Oakville, Ontario

The Company

GrantStream is a small, fast-growing, privately owned Canadian company in the field of corporate citizenship and community investment, providing consulting and unique Internet-based technology services to demanding FP 500 corporations such as Honda, Bell Canada, Air Canada, Manulife Financial and Petro-Canada. GrantStream, established in 2000, is based in Oakville, Ontario.

The Job

Our growth requires creation of two new software development positions. In this role, the successful candidate will be responsible for a variety of development projects including development and maintenance of PHP Web applications, and Microsoft SQL server databases.

Highly developed oral English skills are essential for this role. Well developed English writing skills and written and oral French are definite assets.

Duties and Responsibilities

- PHP programming
 - The candidate will support a variety of PHP projects relating to GrantStream's core technology applications, including maintenance of existing PHP code
- Database programming
 - The candidate will also be required to assist with database programming in SQL Server 2000, 2008 and MySQL.

Reporting Relationship

This role reports to the Director of Technology.

Requirements

- Education:
 - Minimum: diploma in computer science or equivalent
 - Preferred: bachelor's degree in software engineering, computer science or equivalent
- Experience:
 - Some programming experience in:
 - PHP
 - HTML, DHTML, JavaScript, CSS
 - OOP
 - T-SQL
 - Knowledge of:
 - Relational database management (MS SQL Server, MySQL, MS Access)
 - Linux environment
 - Assets:
 - GUI design

GrantStream Employment Opportunity: Software Developer

- Languages:
 - English: highly developed oral skills are essential; well developed writing skills are an asset;
 - French: written and / or oral skills are an asset
- Demonstrated organizational and documentation skills with outstanding attention to detail
- Excellent interpersonal skills
- Excellent team skills
- Proven self-starter with well-developed personal initiative
- Flexible working approach with positive attitude

This position will appeal to dynamic individuals who want to develop professionally in an innovative, high growth business while enjoying the working environment of a small company.

Important

Only Canadian citizens and Canadian residents with valid, current work permits will be considered.

How to apply

1. Review the job posting carefully – if you meet the minimum requirements, we encourage you to apply; however, if you do not meet the requirements – please do not apply.
2. Should you wish to submit your application, please prepare a cover letter and your résumé and email both to careers@grantstream.com. Please include “Software Developer” in the subject line of your email.

Due to the volume of applications we receive, only those people under consideration will be contacted. We thank you for your understanding.
